SUMMARY

Backend Developer with hands-on experience developing and maintaining web-based systems and backend services. Interested in building reliable and maintainable backend solutions through API development, database management, system integration, and backend application development.

EXPERIENCE

- Backend Developer, BMKG Bengkulu**

Mar 2025 - Jul 2025

 - Developed and maintained backend functionality for multiple web-based systems, including PTSP, MetFlight Radar, Digital Guest Book, Digital Employee Directory, and Local Database.
 - Implemented backend logic, CRUD operations, database management, and data processing to support application functionality.
 - Integrated REST APIs and external services for data exchange between systems.
 - Performed debugging, testing, troubleshooting, and system maintenance to improve application reliability.
 - Collaborated with development team members to translate system requirements into functional backend solutions.
- Backend Developer, PT Minilemon Nusantara**

Jun 2025 - Oct 2025

 - Developed backend functionality and data management processes for the Minilemon Learning System.
 - Designed and integrated REST API services to support application functionality and frontend-backend communication.
 - Managed database operations and data processing for application features.
 - Performed debugging, testing, and troubleshooting to identify and resolve system issues.

EDUCATION

- Bachelor of Computer Science**

Sep 2022 - Sep 2026

Universitas Jenderal Achmad Yani

 - GPA:** 3.26/4.00
 - Relevant Coursework:** Database Management, Database Programming, Web Programming, Web Technology, Software Engineering, Object-Oriented Programming, Data Structures, Software Requirements Analysis, Software Development, Software Testing, Cloud Computing.

CERTIFICATE

- Atmos Education** - Certificate of Completion (Backend Developer)

Jul 2026
- PT Minilemon Nusantara** - Certificate of Apprentice (Backend Developer)

Dec 2025
- BMKG Bengkulu** - Certificate of Appreciation (Server Side)

Jul 2025
- BASARNAS** - Award for the Development of SIMORE Website (Backend Developer)

Jul 2024

SKILLS

- Technical Skill :** JavaScript, TypeScript, PHP, Node.js, NestJS, REST API, API Integration, Firebase, Supabase, NoSQL, Database Management, Git, Debugging, Software Testing
- Soft Skill :** Leadership, Problem Solving, Teamwork, Communication, Critical Thinking, Adaptability

LANGUAGES

- Indonesia :** Native
- English :** Intermediate
